### Infosys Q4 profit dips 2.8%, attrition down; FY18 dollar revenue growth seen at 6.5-8.5%

Infosys' fourth quarter earnings barring bottomline missed analysts' expectations on Thursday. Even its FY18 guidance was lower than estimates but the announcement of Rs 13,000 crore payout through dividend or share buyback during the year and fall in attrition rate minimised losses in the share price. The stock fell 2.88 percent intraday.
